

ABDULLAH PATHAN

Abdullah Pathan is an artist who captures the essence of Indian village life through his works on Bulls. 'The animal within!' is the thought that comes to mind when one is made to think with Mr. Pathan's Bulls. His, Bull's series don't just exist but brings about such energy and expresses sheer strength and beauty of the beast. Pathan treats the 'Bull' as his own self which one cannot deny the fact that he has a unique style of portraying this animal which has an indispensable place in Indian mythology. There is an empathy that he evokes in the people visualizing when faced with his sculptures. Through his work, he exiles the power, pride and heart of the beast that is a part of all of us.
